THE BREWERS COOPERATIVE

HUNTSVILLE, AL

OUR STORY

We are a group of master craftsmen and craftswomen united against mediocrity. We believe that what you eat and drink should be crafted with purpose. The Brewers Cooperative was created to bring something better to those who seek it. Established by 5 founding breweries, the Co-Op is the first of its kind in our region.

The Co-Op was started with the idea of better serving the community through the spirit of collaboration. From tasting panels, beer design forums, and beer education events, the Co-Op will facilitate an engaging craft community founded in supporting all things local.

THE MISSION

We'll keep it simple:

Our mission is to create better liquor, better food, and better beer through the spirit of collaboration.
